

# JASMIN VARGAS

## WEB DEVELOPER | ACCESSIBILITY ANALYST

As an advocate for those with disabilities, I bring an innovative approach to enhancing the 508 compliance standards to equalize access for users. My passion combined with a foundation in web development drives me to integrate impactful design that satisfies statute and elevates the professional mission.

### Education at General Assembly

#### Software Engineering Immersive Program

Washington, D.C.

Jan 2019 - Apr 2019

Accelerated program with a focus on the latest front- and back end programming languages, such as Javascript, React, Django, SQL and Python

#### Front-End Web Development Course

Washington, D.C.

Jul 2018 - Sept 2018

10-week course led by Senior Web Developers focused on learning HTML, CSS, jQuery, Bootstrap. Transformed comps into interactive and responsive websites.

### Web Design and Development Experience

#### Clay W. Johnson Obituary Page | <http://claywjohnson.surge.sh/>

HTML5 | CSS3 | Bootstrap | Illustrator | Photoshop | Surge | Github

Designed and developed a customized start bootstrap template within 24 hours. The new site was responsive with a flat design and made information more easily available to family and friends.

#### Emergency Recipe | <http://emergency-recipe.surge.sh/>

JavaScript | MERN | HTML5 | CSS3 | Materialize UI | GitHub

Collaborated to Full-stack CRUD application design with three team members to provide customers with recipes based on available ingredients. Created the form Components using Materialize UI and styling with CSS. Utilized GitHub for version control and Atlassian GitWork Flow for pull-request management.

#### Adaptive Martial Arts | <https://tinyurl.com/arladaptive>

Wix | Adobe Illustrator | Adobe Premier Rush | YouTube

Redesigned, transferred and created a new Wix site from an old Drupal site so students, parents and volunteers of special needs children and teens can reach new instructional content and resources. I edited multiple videos using Adobe Premier Rush.

### Work Experience

#### Technology Consultant | Self-employed

Arlington, Va - Jul 2013 - May 2019

Help adult and senior staff of small businesses solve problems by optimizing work procedures using Google apps, Adobe, Microsoft, video editing software, etc. Providing software training, teaching staff computer skills in both Windows and Apple operating systems.

#### Office Administrator | Jhoon Rhee Arlington Tae Kwon Do

Arlington, Va - May 2016 - Jul 2018

Managed day-to-day school operations for 600 students. Redesigned and updated existing guides and applications using InDesign to reduce paperwork processing time and errors. Uploaded new content to WordPress site.

#### Senior Instructor | Jhoon Rhee Arlington Tae Kwon Do

Arlington, Va - Jul 2013 - Dec 2019

Teach life-skills through martial arts to kids, teens, and adults with class size averaging 15-25 students. Classes are customized to skills they need to learn or review. Volunteer teach a modified version to students with intellectual and developmental disabilities that best suits unique learning style. Train new staff and student volunteers in both programs.
